MetroArchaeo Technical Committee invites proposals for Special Sessions to be held during the 2022 International Conference on Metrology for the Archaeology and Cultural Heritage, in Cosenza (Italy), 19-21 October 2022.

Special sessions have the main aim of creating a mini-workshop on a specific topic, where researchers working on the same argument can make knowledge, familiarize, exchange ideas, create cooperation.

Special sessions can also cover any other area focusing on challenging open problems of relevance in applications.

Note that all papers will be subject to the same peer review process as for regular papers.

Researchers interested in organizing special sessions are invited to submit a proposal through the form available at the following URL

www.metroarcheo.com/special-session-proposal

Proposals should include the session title, a brief description of the scope and motivation, related topics, biographic and contact information of the organizers.

### **CONFERENCE TOPICS**

- · Methodologies and measurements for diagnostics and conservation
- Geomatics for Cultural Heritage research and management
- Non-destructive techniques for archaeological diagnostics
- · 3D recording and modelling for Cultural Heritage
- Metrology in landscape archaeology
